## **The Off-Beat Traveler Cruise by Cargo Ship with Eric Young**

Ever wonder what it would be like to see the world through the eyes of a sailor? Sailing the open seas and traveling to exotic ports across the globe armed with only your boat and crew is not something for the everyday land lubber...or is it?

Eric Young did just that when he set sail for adventure aboard two Rickmers ships. On April 14, 2011, he and his wife, Sarah, embarked on a 6 month journey that was far from an ordinary vacation. Living with eastern European Officers and a mainly Filipino crew, visiting with locals and expatriates in ports across Europe and Asia, avoiding a tropical depression and typhoon, and narrowly escaping a collision at sea are a few of the interesting sea tales he will share from their voyage.

Join the Houston Maritime Museum as Eric shares his photos and experiences from the unique perspective of a civilian at sea! Admission is free and includes access to the museum's exhibits.
